Introduction

There has been paradigm shift in government focus from rescue, relief and recovery centric approach to a planning, prevention, mitigation and preparedness driven approach. It has been realised that aftermath of disaster can be reduced and mitigated through prevention and preparedness measures. Education, public awareness and proper training for enhancing the capacity is the cornerstone of approaches aimed at reducing vulnerabilities to hazards.

The School is a densely populated place and has small children that are one of the most vulnerable groups in the society. To reduce this vulnerability particularly for schools, it is important to have a Disaster Preparedness in students. The student's preparedness shall be helpful in developing a disaster resilient society of the future.

To keep these issues in mind Disaster Management Institute has organised one day awareness programme on **Disaster Management** for School students, Government of Madhya Pradesh.

Session Details

1. **Overview of Disasters and Disaster Management:** Shri Amit Kumar Dadhich, Training Coordinator DMI addressed important issues regarding classification of disasters, their impacts, disaster management cycle, the various phases of disaster management cycle like disaster prevention, disaster mitigation, disaster preparedness, integration of disaster management into the development activities, disaster response, disaster rehabilitation etc. He also talked about activities to do before, during and after any disaster. Many videos were shown to students for awareness.
2. **CPR-A Basic life saving skill:** A basic life saving skill i.e. Cardio Pulmonary Resuscitation (CPR) was presented and demonstrated by Mrs. Lakshita Dadhich. CPR can be used at time of Cardiac Arrest which is generally occurs at time of emergencies/disasters like fire, flood, earthquake, Gas release etc. Students also performed this exercise on field.
3. **Transportation of victims during emergency:** Shri Amit Kumar Dadhich, Training Coordinator DMI gave presentation on various methods that can be used in transportation of victims during emergency. He also demonstrated this exercise on field and all students performed the same.
4. During valedictory Shri Amit Kumar addressed climate change issues and told students to use eco-friendly product, to save water and to save energy. In the end he suggested Mrs. Rashmi

Mehta, Principal to display emergency contact numbers on the notice board of the school. Shri Amit Kumar gave vote of thanks and presented a memento to the Principal.
